Who We Are...

The group meets at the Hedge End 2000 Centre, St. John's Road, Hedge End. The group is a registered charity and is run by a management committee made up of parents who's children attend the group. The committee also organises on going fundraising.

The sessions are run by an experienced and trained leader who is helped by a deputy leader and member of staff. They are supported by a devoted band of regular volunteers and by professional assistance from a Physiotherapist, Occupational Therapist, Speech Therapist, Educational Psychologist and Clinic Doctor.

What We Do...

We provide facilities for all types of special needs children enabling them to enjoy group play and develop learning skills.

We also offer support, advice and friendship for parents whose children share similar problems. The children are accepted on a referral basis and their learning skills are developed according to their individual needs. They are also given support to enable them to integrate with non-special needs children.

The group aims to provide activity and play for children to learn within the Early Years Curriculum.

The group is inspected by Ofsted and is registered for the three/four years old grants.

We work a key worker system that means every child has a key adult worker to help meet that child's individual needs.

What We Need...

Each session cost £ per child to operate when everything is taken into account. The cost of sessions is not covered fully by fees obtained but, is subsidised by fundraising and grants.

We urgently need funds to enable us to cover our operating costs, provide equipment to expand our activities and remove our waiting list.

The Wildern Opportunity Group Has The Following Aims...

1. To accept each child as an individual and meet all of their needs.
2. To provide satisfying group and individual play for every child.
3. To offer support, advice and friendship to all parents and to run a very open but professional group.

The group shares a common desire to serve the needs of children and families in the community.
