Wildern Opportunity Group is a registered charity, which was established in September 1988, it was initially set up after a group of professionals realised there was no provision in the Hedge End area for children with special needs. Our aims are:

- To accept each child as an individual and meet all of their needs.
- To provide satisfying group and individual play for every child.
- To offer support, advice and friendship to all parents and to run a very open but professional group.

We provide facilities for children with special needs enabling them to enjoy group play and develop learning skills. We offer support, advice and friendship for parents whose children share similar problems. The children are accepted on a referral basis and their learning skills are developed according to their individual needs. They are also given support which enables them to progress into our fully inclusive pre-school. For more information about our charity our website is www.wildernopportunitygroup.co.uk
